PROFESSIONAL SUMMARY

Full-Stack Developer with 5 years of experience building enterprise web applications at DXC Technology and Indra (Minsait). Led small teams to deliver features like multilingual support and to modernize front-end stacks. Works across the stack: scalable back-ends with Java and Spring Boot, dynamic reusable front-ends with Angular and TypeScript.

EXPERIENCE

Software Engineer 3

Indra (Minsait) · Jan 2025 – Present

- Contributing to a Mapfre insurance platform built on a micro-frontend and micro-services architecture.
- Developing Angular micro-frontends and Java Spring Boot services as part of a distributed team.

Business Applications Engineer

DXC Technology · Jan 2021 – Jan 2025

- Led small teams to develop new features, such as multilingual support.
- Upgraded the entire front-end stack to the latest technologies.
- Contributed to task estimation and played a key role in selecting technologies and libraries.
- Worked closely with designers and analysts to turn business requirements into robust technical solutions.
- Built and maintained scalable back-end features with Java Spring Boot and dynamic, reusable front-end components with Angular.
- Supported and mentored new team members, helping them integrate into the team.

SKILLS

Programming languages: TypeScript, JavaScript, Java, C#, PHP, SQL, HTML5, CSS3

Frameworks: Angular, Spring Boot, Vue.js, .NET

Databases: PostgreSQL, MySQL, Oracle, MariaDB

Tools: Git, GitHub, Docker, Jira, WordPress, Moodle

Testing: Selenium, Karma, Jasmine, JUnit, Vitest

Practices: Responsive design, REST, SOAP / WSDL, JSON, XML, Micro-frontends, Micro-services

EDUCATION

Computer Engineering

Open University of Catalonia (UOC) · Sept 2024 – Present

Bachelor's Degree in Computer Engineering

Development of web applications

Institut Montilivi · Sept 2020 – Jun 2022

In the Higher Vocational Training in Web Development, I gained hands-on experience in creating and managing dynamic websites and applications. I mastered technologies like HTML, CSS, JavaScript, Vue, etc. while also learning to design responsive, user-friendly interfaces. I further enhanced my skills through practical experience in projects and internships.
